USFS-Cedar River Grasslands		
USFS-Sheyenne Grasslands		

National Park Service		
US Fish and Wildlife Land		
ND Game and Fish		
BLM		

*** ND Burn Ban:** The common understanding of the term indicates that “open burning” means the burning of any type of combustible material directly into the open air. It includes any outdoor fire, pyrotechnic or flame producing apparatus that has the potential to emit sparks or airborne embers that could present a source of ignition to surrounding outdoor natural or man-made materials. It also includes campfires; charcoal grill or barbeque pit fires; fireworks; garbage pit fires; prescribed burning of prairie, croplands, structures or underbrush in forested areas; outdoor welding operations; burning chemically treated or industrial materials that cannot be easily extinguished; or outdoor fires of any size.
